The family of RRCAT wishes happy and healthy post retirement life to its following colleagues.

S.1: Shri P.R. Hannurkar,

Outstanding Scientist & Head, RF Systems Division (RFSD) & Indus Operations and Accelerator Physics Design Division (IOAPDD) laid down his office on 31st May 2015 on superannuation at the age of 62 years. He did his B.E. (Electronics and Telecommunication) from College of Engineering, Pune in 1976. After graduating from 20th batch of Bhabha Atomic Research Centre (BARC) Training School, he joined BARC Mumbai in 1977. He moved to RRCAT, Indore in 1986 and since then he headed the RF and Microwave activities in this Centre. He pioneered various developmental activities for RF technologies like Solid State RF Power Amplifiers, Indus-2 RF cavity fabrication etc. He coordinated the installation and commissioning of two undulators (U1 and U2) in long straight sections LS-2 and LS-3 of Indus-2. He is recipient of various Group Achievement Awards of DAE for Excellence in Science & Engineering. RRCAT family wishes him and his family a fruitful, happy and fulfilling retiring life.

S.2: Dr. G.S. Lodha, Outstanding Scientist & Head of the Indus Synchrotrons Utilization Division, retired on 31st March 2015 on superannuation after serving the Department for 37 years. Initially he worked at Nuclear Research

Laboratory, Srinagar and came to RRCAT on transfer in August 1989. Dr. Lodha has immensely contributed to the setting up of the Indus-1 and Indus-2 beamlines. He also established excellent facilities for in-house development of x-ray optics. In addition, Dr. Lodha also took active part in teaching in the BARC Training School at RRCAT. RRCAT family wishes Dr. Lodha and his family a fruitful, happy and fulfilling retired life.

S.3: Dr. (Mrs.) M. S. Oak, Scientific Officer (H) and Head, Planning and Coordination Cell, retired on superannuation on 30th June 2015. Dr. (Mrs.) Oak completed her M.Sc. in Chemistry from Delhi University in 1977 and joined the 21st batch of the BARC Training School at Trombay in the same year. After successful completion of training, she joined the Radiochemistry Division at BARC in 1978. She contributed to research in analysis of uranium-plutonium, uranium-thorium fuels and completed her Ph.D. from Mumbai University in 1989. Dr. (Mrs.) Oak was transferred to RRCAT in 1989 and joined the Chemical and Excimer Laser Section where she was involved in the development of chemical and oxygen iodine (COIL) laser. During 1995-96, Dr. (Mrs.) Oak spent a year as a post-doctoral fellow at Nagaoka Technical University, Japan. In the year 2000 she moved to Industrial and Medical Accelerator Division at RRCAT where she worked on the studies of polymer impregnation and its radiation. She was made Head, Planning and Coordination Cell in the year 2011 and contributed to meeting the financial targets of the plan projects. We remember her contributions in various capacities and wish her a happy and healthy life ahead.

S.4: Dr. (Mrs.) K. Chaddah, Chief Medical Officer, RRCAT Medical Centre, retired on superannuation on 31st January 2015, after serving the Department for 31 years as a doctor. She has given medical service to the CHSS beneficiaries in RRCAT since July 1991. Dr. Chaddah was very much liked by the patients. She has now settled down in Gurgaon, where

she is giving free medical service to the residents in her housing complex. We all remember her contributions and wish her a very healthy post retirement life.

S.5: Shri M.K. Nath, Scientific Officer (E), Coolant Systems Lab (CSL), IOBDD Division retired on superannuation on 31st May 2015, after 33 years of service in DAE. Shri Nath had joined DAE in February 1981 at

Narora Nuclear Power Plant, as a Scientific Assistant and was involved in the plant development activity. He was moved to RRCAT in December 2002. Initially he worked in AHU Cell and was involved in maintenance of air handling units. Later he was also involved in installation and commissioning of the radiation shielding hutches for Indus-1 beam lines. In 2010 he was transferred to CSL and executed various LCW plant development works. He has made outstanding contribution for executing the RF LCW plant installation and commissioning work. RRCAT family wishes him and his family a fruitful, happy and fulfilling retired life.

S.6: Shri Ahinsa Kaul, Scientific Assistant (G), retired on superannuation on 31st January 2015. Shri Kaul had joined Nuclear Research Laboratory, Srinagar in 1981 and worked in Multi-Disciplinary Research Section. He was transferred to RRCAT in 1994 and worked as Safety Officer of RRCAT since 2008.

He has carried out pioneering work to inculcate safety culture in the Centre. We remember his contributions and wish him and his family a fruitful, happy and fulfilling retired life.

S.7: Shri P. Gopinathan Achary, Scientific Assistant (E), Coolant Systems Lab (CSL), IOBDD Division retired on superannuation on 28th February 2015, after 33 years of meritorious service in DAE. Shri Gopinathan had joined BARC as Technician (welder) in September 1983 and was moved to RRCAT in

April 1986. Initially he worked as a welding expert in the Accelerator Workshop and executed various development works. After getting his Diploma in Mechanical Engineering, he was promoted to Scientific Assistant grade and transferred to CSL. He has made outstanding contribution for executing and commissioning of the Indus-2 primary and secondary pipeline fabrication work. He has also contributed a lot for maintaining the Indus-2 LCW plant in healthy condition to provide smooth operation of the facility in round-the-clock mode. RRCAT family wishes him and his family a fruitful, happy and fulfilling retired life.
