

Raja Ramanna Centre for Advanced Technology

Indore, Madhya Pradesh, India 452 013

‘Swachhata Pakhwada

(16February 2018 to 28February 2018)

Action Taken Report

1. Objective

The objective of the celebration of the ‘Swachhta Pakhwada’ fortnight, as a part of the ‘Swachh Bharat Mission’, was to take up sanitation initiatives, mobilise people and reinforce the mass movement for cleanliness to contribute to Mahatma Gandhi’s dream of a Clean India. The Cabinet Secretary, Government of India, had conveyed to DAE, through letter No.561/2/1/2017-CA-V dated 21/11/2017, the proposed calendar of Swachhta Pakhwadas for the year 2018 to undertake innovative initiatives during the Pakhwada.

In this report various programs taken up by this centre have been briefly described.

2. Background

Raja Ramanna Centre for Advanced Technology is a constituent unit of the Department of Atomic Energy, Government of India, (www.rrcat.gov.in). The campus comprises technical area consisting of laboratories, workshops, and offices, as well as residential colony with housing for staff with amenities like school, sports facilities, shopping complex, gardens etc. The campus is spread over a 700 hectare site on the outskirts of Indore city, out of which 177 hectare area is demarcated for residential purpose. Periodic cleaning campaigns are organized in the campus in which staff members, Atomic Energy Central School (AECS) students and teachers, CISF employees and colony residents take active part.

3. Execution of ‘Swachhta Pakhwada’

The following activities were carried out during the fortnight:
